Summary:

The Canton City Planning Commission (CPC) is providing a number of for-credit/for-experience internships for both graduate and undergraduate planning, landscape architecture, urban design and public administration students.

These internships are designed to be full-time with flexible work schedules. This immersive learning opportunity provides students with individual growth, professional knowledge, and real world experience. The program is administered by the Director of Planner, supported by certified planners, registered landscape architects, and LEED accredited professionals.

The objective of the program is to assign each intern an individual project/initiative; as well as work within teams where they will be called upon to solve complex problems that incorporate the documentation of recommendations through the highest quality briefs, reports, and master plans.
