

CURRICULUM: YEAR TWO ELECTIVES

Spring Semester

Course ID	Title	CH	Modality
HSC 505	Culture and Health Care	3	Hybrid (Online & CSU)
Examines the ways in which culture affects health and health care, including perceptions of health, disease, treatments, and the values associated with these factors. The need for cultural sensitivity in health care will be stressed.			
HSC 513	Outcome Assessment	3	Hybrid (Online & CSU)
Emphasizes integration of qualitative and quantitative research, along with discussion of research results, and their relationship to hypothesis-testing and methodology. Application of findings to contemporary problems encountered in health sciences and guidelines for subsequent research is explored in detail.			
HSC 541	Environmental Health	3	Hybrid (Online & CSU)
An introduction to environmental health, with emphasis on toxic exposures, hazard identification and management.			
HSC 544	Social Issues in Health Care	3	Hybrid (Online & CSU)
Examines social issues that influence health and illness through the study of disability and medical rehabilitation. Perspectives of health care practitioner, consumer, regulator, and investor are used to investigate control issues, mutual decision-making, and socioeconomic inequalities.			
ALD 645	Organizational Learning and Change	3	Hybrid (Online & CSU)
Prerequisites: ALD 605 or ALD 607 or permission. Required core course for the ALD program. This course is an exploration of organizational learning, culture and change applied to professional development programs in higher education, business, industry, and social service organizations.			
ALD 631	Group Dynamics for Education Leadership	3	Hybrid (Online & CSU)
An elective course for graduate students. This course addresses the multiple skills, concepts, and strategies related to the application of group dynamics in work teams. This includes learning and leadership approaches for group effectiveness as well as creating a productive group climate based on inclusion and understanding of the role of culture in the 21st century global world.			
ALD 690	Seminar in Special Topics: Adult and Continuing Education	3	Hybrid (Online & Tue Eve)
Examines the ways in which culture affects health and health care, including perceptions of health, disease, treatments, and the values associated with these factors. The need for cultural sensitivity in health care will be stressed.
