## I. ADMISSION INFORMATION

Admission to the University certificate graduate program in Substance Use Disorder Counseling is open to current students in counseling or social work OR those holding master's degrees in accredited counseling or social work programs from other institutions OR students holding a bachelors degree. Substance Use Disorder Counseling is one of the fastest growing job markets in the mental health disciplines. The State of Ohio now has its own board to license chemical dependency counselors (The Ohio Chemical Dependency Professionals Board -OCDPB). This program provides all the academic training for all levels of chemical dependency counseling licensure. **Note:** New students should apply through Graduate Admissions for Graduate Certificate status in the Substance Use Disorder Counseling program. Currently enrolled graduate students should make an appointment to meet with an academic coach in the LSSC, JH 170, to complete an intake or a program change form prior to enrolling in these courses.
