

About CT Consultants, Inc.

CT Consultants is a multidisciplinary architectural, engineering, and planning firm with a focus on building long-term relationships with our clients. Our staff includes architects; civil, bridge, and traffic engineers; structural engineers; waste/wastewater engineers; storm water engineers; land and community planners; ecological specialists; landscape architects; construction engineers; funding specialists; and surveyors.

Award-Winning | Innovative | Creative

CT has grown by continued dedication to our client needs and by serving each and every client in a manner that is distinctive and unique. We are passionate about delivering personal service. And for our staff we seek to build a team where everyone can be a leader; where every member has the skills, confidence, and empowerment to take the initiative, make decisions, and lead others.

CT currently has a staff of 280 people throughout twelve offices.
