⁽¹⁾This internship is designed as a special arrangement which will allow student tuition to be kept at a reasonable level while still requiring that the students complete the actual number of clock hours in the field required to ensure adequate supervised experience. The students will pay for and receive a total of 4 credit hours, while fulfilling the clock hour requirement for the traditional 14 credit hours (i.e. 10 credit hours of student teaching plus 4 credit hours of internship). Students in this program will not be allowed to petition for a waiver of any portion of this internship requirement.
