

24 Hour NIMS 400

Course Description:

ICS-400 provides training and resources for responders who require advanced application of the ICS by providing overall incident management skills rather than tactical expertise. Expanding upon information covered in ICS-100 through ICS-300 courses, ICS-400 emphasizes large-scale organizational development, roles and relationships of the command and general staff, and planning, operational, logistical, and fiscal considerations related to large and complex incident and event management. The course also describes the application of Area Command and the importance of interagency coordination on complex incidents and events.

Course Objectives:

- Fundamentals review for Command and General Staff
- Major and/or Complex Incident/Event Management
- Area Command
- Multiagency Coordination (MAC)

Who should attend?

- Fire Fighters and Hazmat Teams that respond to transportation incidents
- Spill / Safety response team members
- Supervisors of employees at EHS facilities (Extremely Hazardous Sites)
- Hazardous waste site workers
- Personnel identified in a facility Emergency Response Plan (ERP) that respond to mitigate release of Hazardous Materials or other emergencies

Earned Credentials:

Upon successful completion of the course, participants will earn 24 Continuing Education Units (CEUs) and a certificate verifying successful course completion.
