

Hope for a Cure for ALZ
Development Intern
Summer 2021 (Remote)

Hope for a Cure for ALZ is seeking an intern to support fund development outreach to support raising funds for research.

- The **Mission:** is to improve the lives of people touched by Alzheimer's through research, education and community connections.
- The **Vision:** is to be the gateway for everyone touched by Alzheimer's and drive research until prevention and cure of Alzheimer's are realized.
- Finding a Solution - In partnership with The Cleveland Clinic and Boston University /Boston Medical this approach involves exploring a genetic condition within the DNA of a unique population that may prove to be the missing link in solving the Alzheimer's mystery.

The project scope:

- Intern will conduct prospect research, develop backgrounders for prospects, develop case statements, submit MOU and proposals.

The required skills:

- Interest in at least one of the following: Alzheimer's, dementia, aging and/or mental challenges.
- Strong writing and analytical skills
- Strong research skills
- Great tracking of outreach process in Excel
- Ability to match a prospect with the need.

The intern will work 10-15 hours per week. This internship opportunity is unpaid.

Please send resume and cover letter explaining your interest to:
Dianna Campbell, *Development Board Member* - Dianna@DiCamSolutions.com
