

Dear Student-

Cleveland State University's new International City/County Management Association (ICMA) student chapter is creating a **shadowing opportunity for undergraduate and graduate students from the Maxine Goodman Levin College of Urban Affairs interested in local government.**

Students will be matched with a city/county administrator, experiencing what a day in the life of a local government leader is like.

If interested, please email CSU ICMA (icma.csu@gmail.com) the following information:

- Name
- Your program (undergraduate vs. graduate student, what you're studying, etc.)
- Expected graduation date
- Contact information (phone number & email)

Please provide this information no later than Friday, November 17th.

We're hoping to schedule these shadow days for the beginning of the Spring 2018 Semester (between mid-January and March).

Once we have a list of interested managers and students, we'll begin the matching process and will connect you with your host.

If you aren't currently a member of ICMA, this opportunity is a great way to get involved in our chapter.

We hope you'll consider participating.

Best,

CSU ICMA Student Chapter
