Celebrating 35 Years
 **Care Alliance**
Health Center
Care for you. Care for me. Care for all.

CARE ALLIANCE HEALTH CENTER HISTORY

In the mid-1980s, in response to a rapidly growing homeless population nationwide, a Robert Wood Johnson Foundation and Pew Charitable Trust funded initiative was launched to demonstrate a new way of reaching out to this population – through health care. In 1985, under the umbrella of the Federation for Community Planning (now the Center for Community Solutions), Care Alliance first emerged as “Cleveland Health Care for the Homeless.” Care Alliance was one of the original 19 Health Care for the Homeless pilot projects nationwide.

In 1993, Care Alliance became an independent, nonprofit organization. As a Federally Qualified Health Center (FQHC), Care Alliance receives funding from the federal government to provide health care and supportive services specifically to individuals experiencing homelessness. In 1998, Care Alliance broadened its focuses to serve another extremely high-risk group for health disparities, individuals living in and around public housing. Since then, Care Alliance has continued to grow to meet the needs of our community by launching health care services to individuals living with HIV/AIDS (2000) and adding dental services (2002).

Today, Care Alliance is an integral member of the safety net as the leading provider of high quality medical and dental services to our target populations. Care Alliance is a Level Three Patient-Centered Medical Home (PCMH), as recognized by the National Committee for Quality Assurance. In addition to playing a major role in the safety net, Care Alliance also provides a benefit to the Cleveland community at large by reducing the overall financial burden to taxpayers through a more cost-effective method of care to the uninsured. Care Alliance is proud to count itself as an FQHC; collectively these centers are estimated to save the health care system \$24 billion annually by preventing unnecessary emergency room visits for low-income individuals.

Frequently Asked Questions

Q. Is parking free at every site?

A. Most of our sites have free parking on-site; however, our St. Clair location has a paid lot and metered street parking. As a Care Alliance volunteer, you can be reimbursed for parking with appropriate documentation and supervisor approval.

Q. What is the dress code?

A. Care Alliance subscribes to a business casual dress code; however, during evening and weekend events, casual dress, within reason, is permitted. Furthermore, every Friday, across all Care Alliance clinics, jeans and t-shirts are permitted.

Q. What do you mean by “Reliable Transportation” as a requirement?

A. The External Affairs Team is always on the go. Because of this, members of our team need to be able to move fluidly from one site to another within short spans of time. Having a car is not necessarily a requirement but, based on prior experiences with staff and volunteers, public transportation is not typically behooving for those who work in outreach.

Q. I’m in school and I have a job, will I still be able to participate in this program?

A. We understand that many of our volunteers are balancing several responsibilities while participating in this program. The schedule is created based on the availability you provide in your application packet. All Interns are required to serve for at least 4-8 hours per week. It may be difficult for those with fluctuating schedules to commit to this program, since the schedule is made upon initial selection of the volunteer cohort. When unforeseen conflicts arise, it will be important for you to notify your supervisor about an absence at least 24 hours in advance.

Q. My friend wants to come and sit with me while I volunteer. Is this okay?

A. No. For security reasons, only those scheduled and cleared by Care Alliance should be at a site, unless otherwise approved by the supervisor.

Q. If I Intern here, will I definitely get hired on as a full time staff member at Care Alliance?

A. There is no guarantee that you will be offered a paid position at Care Alliance following your volunteer tenure. In the case that you do apply for an open position, you will have a foot in the door with the organization. Furthermore, we are willing to serve as professional references for you upon request!
