

## Recruiting 2017 Cleveland Foundation Summer Interns

Now in its eighteenth year, the Cleveland Foundation Summer Internship program connects undergraduate students with meaningful, career-related experiences in the nonprofit and public sector. Interns are placed in public or nonprofit organizations across Greater Cleveland for an 11 week paid internship over the summer.

This program adds value to agencies by recruiting talented applicants and providing funding to pay interns who conduct and complete important projects within the community. In an effort to match the particular needs of an organization with the unique backgrounds and experiences of interns from all majors, projects are designed to showcase the depth, breadth and diversity of Cleveland's nonprofit sector.
