Several artists receiving services through Volunteers of America Ohio & Indiana and the VA Northeast Ohio Healthcare System Louis Stokes Cleveland VA Medical Center created this collection of art during Art Therapy over the last several months.

Each piece of artwork tells the story of a moment in time for each of the artists. It's a small window into the emotional and psychological turmoil that some veterans face following their military services, as well as the pride in having served.

Everyone has a story to tell. We're proud of the veterans for sharing their stories.

COLLEGE OF URBAN AFFAIRS

Since opening its doors in 2011 the Homeless and Mental Health Residential Rehabilitation Treatment Center, operated in partnership with Volunteers of America Ohio & Indiana and the VA Northeast Ohio Healthcare System Louis Stokes Cleveland VA Medical Center, has served hundreds of homeless veterans. Services provided at the treatment center meet the unique needs of veterans by combining rehabilitative medical services with supportive services.
